

# 5 Reasons to vote Green in the council election

## TIDY UP SOUTHSEA

The Green Party sees fly-tipping as a crime that should be investigated and prosecuted. Dog fouling, littering and similar anti social behaviour don't appear to be taken seriously by the council. The Greens would make tackling these issues a priority.

## LET RESIDENTS DECIDE

Electing a Green councillor would be a vote for a local neighbourhood plan, where residents can decide what happens here in this area.

The Greens believe it should be easier to sack misbehaving councillors. A petition of 20% of residents should be enough to force a new election.

## SACK BAD COUNCILLORS

Centralising facilities in one place as the council is doing is not convenient for everybody. The Green Party wants to see more buildings and spaces brought into community use so that children, families and older people do not have so far to go.

## MORE FACILITIES FOR CHILDREN, FAMILIES AND OLDER PEOPLE

## THE GREENS CAN WIN HERE!

GREEN  
POMPEY  
2015

The Green Party wins council seats all over the country. It only needs a few extra votes locally for us to have a Green councillor.

**KOOR Anna**

**On May 7th elect Anna Koor as your local councillor**

**VOTE**  **Green Party**
